

From Concept to Creation

Bring in a photo or sketch of the kind of furniture you envision and, four to six weeks later, Westchester Upholstery can make your dream a reality. Also known for its fabrics and draperies, the store specializes in making all kinds of furniture—just take a peek at its website for some examples. The fact that there are so many fabrics and patterns to choose from is icing on the cake.

Design by Lara Michelle Beautiful Interiors, Rye Brook.
